Commercial and Residential Project Valuation Permit Fee's

HOW MUCH DOES A COMMERCIAL AND RESIDENTIAL PROJECT VALUATION PERMIT COST?

Site Plan Review and Inspection (dollars)

Site plan review and inspection (including civil site work) is two hundred seventy-five (\$275.00) dollars. This fee is in addition to the project valuation. All fees are due at the time of plan submittal. Partial sets of plans will not be accepted.

The following fees apply to all commercial permit applications and residential projects (excluding new residential construction):

<u>Total Project Valuation (dollars)</u>	<u>Fee</u>
\$1,000.00 and less than	\$50.00
\$1,000.00 to \$50,000.00	\$50.00 for the first \$1,000.00 plus \$15.00 for each additional thousand or fraction thereof, up to and including \$50,000.00
\$50,000.00 to \$100,000.00	\$700.00 for the first \$50,000.00 plus \$15.00 for each additional thousand or fraction thereof, up to an including \$100,000.00
\$100,001.00 to \$200,000.00	\$1,400.00 for the first \$100,000.00 plus \$10.00 for each additional thousand or fraction thereof, up to an including \$200,000.00
\$200,001.00 and up	\$2,400.00 for the first \$200,000.00 plus \$10.00 for each additional thousand or fraction thereof

---	--

Subject to the Code of Ordinances and all other city, state, and county laws, ordinances, rules, and regulations, and subject to all terms and conditions of this permit, the City authorizes the Applicant to proceed with the work on the structure at the site, all as described in the attached application. The special conditions indicated below shall also apply: (circle A or B not both).

A. PUBLIC SEWER IS AVAILABLE. There is a public sanitary sewer available to serve the site, but to receive service, the Applicant must fill out the standard application for service, get it approved by the City and pay all applicable fees and charges (which are in addition to fees related to this permit). If these steps are not completed within 180 days following the date of this permit, this permit is void. In addition:

1. The point of connection to the City's system must be determined by the City and stated in the application for service. It must be inside the public right of way or easement at the front of the site, unless otherwise expressly approved by the Mayor (as, for example, in the case of private sewer lines that may be authorized in public easements).

2. Applicant must build a proper service line up to the point of connection and must install an Elder valve/cleanout (supplied by the City) at the point of connection (unless otherwise expressly approved by the Mayor). Before covering up any such work the Applicant must arrange for City inspection. The service line remains the Applicant's property and the Applicant shall maintain them in good conditions. The Elder valve/cleanout at the point of connection remains the City's property.
3. The Applicant shall not dig up or expose any part of the public sewer system. Exposing them, tapping, or connecting may only be done by the City or its contractor.
4. If an extension of the public sewer system is necessary to reach the point of connection, such extension must be completed, accepted by the City's Mayor or City Council (in writing) and placed in service by the City.
5. In all other respects, the Applicant must comply with the City's rules and ordinances regarding sewer service, plumbing and connections.
6. Other:

B. NO PUBLIC SEWER AVAILABLE. No public sanitary sewer is available to serve the site, and any private sewage system shall be designed, installed, and constructed under a lawful state or county permit and in strict compliance with state and county regulations. This permit expires unless a copy of such permit is filed with the permit administrator within 180 days following the date of this permit.

GENERAL CONDITIONS: The Applicant shall restore any affected public area within five days following the start of work. Thereafter, Applicant shall maintain the restored area through the first anniversary of the date of this permit. Applicant shall not cause any unreasonable adverse effect on others, including, for example: effects of noise, vibration, odors, fumes, visual intrusions, flooding, congestion, vehicular traffic, "spillover" parking of vehicles. Applicant shall not cause any nuisance or health hazard. This permit is non-exclusive, and it does not convey any vested right or property right; it is revocable. This permit is not assignable; it benefits only the Applicant. The City and the Applicant are not partners or joint ventures. The Applicant is not an agent for the City. The Applicant is independent, controlling all details, methods, and techniques of its activities.

DELAYED SUBMISSIONS: The Mayor has determined that it is not practical to obtain the following approval at the time of application, and the time to submit them is extended until the first City business day preceding the day that the building, structure, or trailer is first occupied: () water well permit, () health permit, () subdivision plat approval, () flood plain approval, () sales and use tax permit showing point of sale in the "City of Arcola, () other _____. Failure to submit will be grounds for the Mayor to revoke or suspend this permit or site plan approval.

**INFRASTRUCTURE PUBLIC PERMIT PROCESS
CONSTRUCTION SUBMITTAL**

***Consultant Fees** – Review of construction plans, reports, drainage studies, TIA’s & any other documents associated with plats, site plans, mixed use concept plans or special legal instruments or submittals as necessary per application submitted. Fees include professional fees as billed by engineering and planning consultants or any consultant utilized by the city to review development applications. Fee may be waived by Permit Administrator if project is minor in nature.

Reimbursement due to the city based on actual consultant fees incurred by the city plus 20% administration fee. \$2,500, minimum as a deposit against consultant fees. Permit Administrator may reduce to \$800 against consultant fees if a project is of a minor nature where limited engineering review is anticipated.
